

## Warning Label Examples

There are two series of warning labels – long form and short form. The long form requires specifying one or more chemical. The short form simply requires the disclosure of the harm that might occur to a user.

One can use either set, but for our industry's needs, the short form should work best for most.

### Long form specifying cancer risk

**WARNING:** This product can expose you to chemicals including [name of one or more chemicals], which is [are] known to the State of California to cause cancer. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### Long form specifying the potential of birth defects or other reproductive harm

**WARNING:** This product can expose you to chemicals including [name of one or more chemicals], which is [are] known to the State of California to cause birth defects or other reproductive harm. For more information, go to [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### Short form specifying cancer risk

**WARNING:** Cancer - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)

### Short form specifying the potential of reproductive harm

**WARNING:** Reproductive harm - [www.P65Warnings.ca.gov](http://www.P65Warnings.ca.gov)
