

Enamels, Primers, Spray Paints, Galvanize Products & Paint Accessories

Premium Enamels

- Quick-drying multi-purpose enamels for interior/exterior use
- Superior coverage, durability and rust-resistant finish
- Resists chipping and peeling
- Use on metal, wood, plaster and masonry surfaces that have been primed with premium primer

Premium Primers

- Fast-drying formula seals, primes, adds protection against rust for interior/exterior use
- Improves adhesion of the color coat and provides base for a smoother finish

Specialty Coating High Heat Paint

- Formulated to withstand temperatures up to 1200° F with excellent adhesion
- Use on all indoor and outdoor surfaces exposed to high temperatures, including radiators, barbecues, stoves, car exhaust manifolds, engines, boilers, heaters and steam pipes

Marking & Striping Inverted Paint

- Fast-drying water based formula
- Top-down-only valve designed for use with wands below or manual application
- Indoor/outdoor use to mark hazards, playing fields, landscaping, surveying, construction areas, underground utilities.
- For use on grass, gravel or paved surfaces.

Roof Paint Roof Accessories Paint

- Flat finish, rust-resistant spray that camouflages and protects gutters, flashing vents, soil stacks, and other roof accessories
- For use on metal, masonry, wood, vinyl, and PVC (not for use on asphalt shingles)

Fluorescent Paint

- Quick-dry, fade-resistant indoor/exterior formula
- Provides optimum brilliance and outstanding durability
- Use to mark hazards in the home and workplace, including curbs, steps, house numbers, trucks, cars, boats and helmets

Wands

- For use with only inverted spray paints above
- Pistol trigger handle
- Tool-free assembly

Industrial Coating Cold Galvanize

- Complete zinc metal spray which rustproofs any metal surface with thorough protection that lasts for years
- It is equivalent to a hot galvanizing treatment as it fuses and adheres to all metal surfaces, stopping corrosion immediately
- Coated surfaces can be welded safely without fire or fumes
- Resistant to abrasion, cracking or peeling, and oxidation
- Heat resistant up to 400° F & does not contain lead
- Conforms to military specification MIL-P-21035 USAF, MIL-P-26915A, MIL-P-46105 for primer coatings and galvanizing repair

Lacquer Paint

- A professional, water resistant, fast-drying spray for a uniquely even coating
- Fills nicks and scratches
- Can be buffed and re-coated any time for a smoother finish
- Designed for outdoor application - Non-yellowing

Inverted Field Marking Paint

- Fast-drying environmentally preferred water based formula
- Stripes 600-800 linear feet (dependent on speed)
- Exclusive non-clogging precision tip
- Crisp line up to 5" wide
- Universal tip for use with most striping equipment

Galv-Off

- Removes the buildup of galvanization, softening it so that it flakes off by itself even stubborn deposits can be removed with frequent application
- When used daily, it not only prevents harmful deposits from accumulating, but it also lubricates and protects rollers and dies
- The SprayAnyWay™ valve sprays from any direction, even upside down, for ease of application
- Use on forming machine rollers, punch press dies, and other surfaces where galvanization builds up
- Formulated for factory, institutional, industrial and commercial use

Epoxy Paint

- Formulated to supply a hard, high-gloss finish in a single application
- Highest resistance of any paint to grease and light oils
- Resists cracking, chipping, peeling and staining
- Ideal for use indoors
- Use on non-heating appliances such as refrigerators, washers and dryers, on fans, furniture, toys and tools, and for temporary repairs to the outside surfaces of ceramic fixtures such as sinks and toilets
- Use on any sealed wood, metal, plaster or drywall material

Inverted Pavement Marking Paint

- Fast-drying & long-lasting formula
- Stripes 600-800 linear feet (dependent on speed)
- Exclusive non-clogging precision tip
- Crisp line up to 5" wide
- Universal tip for use with most striping equipment

Galv-Off

- Removes the buildup of galvanization, softening it so that it flakes off by itself even stubborn deposits can be removed with frequent application
- When used daily, it not only prevents harmful deposits from accumulating, but it also lubricates and protects rollers and dies
- The SprayAnyWay™ valve sprays from any direction, even upside down, for ease of application
- Use on forming machine rollers, punch press dies, and other surfaces where galvanization builds up
- Formulated for factory, institutional, industrial and commercial use

Metallic Finish Paint

- High-quality spray enamels; provides brilliant finish on new surfaces and restore worn or dull surfaces
- Use on wood, metal and plaster
- Ideal for baskets, paper mache, picture frames, lamps, light fixtures, crafts, and ornamental pieces

Striping Machine

- For use only with inverted field & pavement marking & striping paints above
- Collapsible & tool-free assembly
- Accurately stripes 2.5"-5" wide lines
- Holds 12 additional cans

Carton Cover Paint

- Completely covers stencils, markers, wax pencils and labels on packing cartons and cardboard
- Special tip allows fast application
- Superior high-solids formula is non-toxic after it is applied and allowed to dry thoroughly
- Use to cover markings on cartons and packing cases, recycle overruns, and correct errors

We have a wide assortment of paint accessories. Please see our Paint Sundry catalog or call us for details.
